Maintech International L.L.C.™ says it will become an authorized distribution, repair and maintenance facility in the South Texas market for Flowserve® Pumps.

The firm says the association strengthens the sales and marketing network for Flowserve in South Texas as well as recognizes Maintech's long-established reputation for quality customer service in the fluid motion and control-products industry. Maintech is authorized to provide units, parts, repair and service for most Flowserve pumping requirements.

The Flowserve product brings many heritage names of distinction including ACEC, Aldrich, Byron Jackson, Cameron, Durco, IDP, Jeumont-Schneider, Pacific, Pleuger, Scienco, Sier-Bath Rotary, Simpson, United, Western Land Roller, Wilson-Snyder, and Worthington. Dick Lane, 361-265-9901, <http://www.maintechintl.com/>, dick@maintechintl.com.
